This Exhibit will be shown via a clean copy and one copy with my notes at the time of the madness of being arrested 5 months after a solitary email I sent to this woman living in my very own home that I rented to her from July 2018- Oct. 2018.

INTRODUCTION

With this Second Response I wish to first show introductory examples of how Wendy Higgins Chambers' actions affected the immediate community that extended to my very own home, where two tenants by the names of Ana Page Campbell and Marie Pelletier deployed the same type of faux martyrdom language of "*concerns for other women*" all the while having nothing ever happen to them much like anyone else in my past as my lack of criminal record let alone arrest record of the issues at hand clearly show. I then wish cover a few issues within Wendy Higgins Chambers Affidavit. Amongst these issues is the definitions of words "prey" and then the word "creep" and how this word creep is defined as being a persistent behavior, definitions that far more so define how Wendy Higgins Chambers acted toward me then how I allegedly acted during our one time crossing of paths at the supermarket. I would then like to share one very important Exhibit – Exhibit C – that show a popular March 2018 Wall Street Journal article that became popular at the same time of Wendy Higgins Chambers March 2018 persecution that should provide some needed perspective as to Wendy Higgins Chamber's mission before and after Due Processes of Law.

But first, being Pro Se I am a little curious as to the intent of Defence's recent Motion to Stay all Discovery before Motion to Dismiss has been decided by Judge, given the fact that both parties have submitted Exhibits in support of their arguments.

As we know up to now without any proper depositions or trial, Wendy Higgins Chambers read about my one count of Second Degree Breach of Peace and somehow assigned herself the duty to "*make sure it does not happen again*" all the while not truly knowing what "*it*" was let alone having a "*it*" herself to justify her persecution. She approached News 12 and deployed defamatory words like "*prey*" which resulted in a defaming report saying I was "arrested for stalking women" (which was deemed "unfair" and "outright false" coverage by federal Judge Underhill) and after a call from my lawyer News 12 ceased all coverage of me 2 days after and scrubbed their websites of all their coverage of me. Wendy Higgins Chambers then goes to the police who do not even write up an individual Incident Report for her story and take no action all the while being fully empowered within the statute of limitations to do so. Wendy Higgins Chambers (knowing I was already harmed by her actions with News 12) then 9 days later goes to the Westport News and 22 year-old reporter Sophie C. Vaughan and they both attempt to finesse a similar type of story that News 12 took down from their websites but this time deploying the words "harass women for years" that is being contested now in James Lawrence v. Hearst Communications. Wendy Higgins Chambers also visits various establishments in various towns pushing an unproven and un-provable agenda. Wendy Higgins Chambers is the sole instigator in the two federal lawsuits I have going now.

I launched my lawsuit against the Westport News/Hearst Communications at the same time as I launched my lawsuit against Wendy Higgins Chambers – Feb. 2020. Given the fact of the related case that I am pursuing against Hearst Communications/Westport News in federal court – James Lawrence v. Hearst Communications (case # 3:20-cv-00200), and the fact that the federal Judge Shea had asked both parties last month to submit to Federal Rule 26(f) – submit a Case Management Plan, I believe as much Discovery as a party deems necessary to share should be allowed before the Motion to Dismiss decision to aid Judge in this case James Lawrence v.

Wendy Higgins Chambers. There are a lot of details to share let alone discover and it appears my case against Hearst Communications is destined to trial, which would certainly make my case against Wendy Higgins Chambers worthy of a trial. There is no doubt that both these cases demand a jury of my/our peers.

Quote from the Federal Order in James Lawrence v. Hearst Communications:

“26(f) NOTICE: The Court has reviewed the file in this case to monitor the parties' compliance with Local Rule 26(f). Local Rule 26(f) provides that, within 30 days after the appearance of any defendant, the attorneys of record and any unrepresented parties must confer for purposes described in Fed. R. Civ. P. 26(f). Local Rule 26(f) further provides that, within 14 days after the conference, the participants must jointly file a report of the conference using Form 26(f). It appears that more than forty-four days have passed since the appearance of a defendant in this case but no report has been filed. Accordingly, it is hereby ordered that the parties file on or before May 7, 2020 (1) a written statement signed by all counsel of record demonstrating that this case is exempt from the requirement of filing a Form 26(f) report; or (2) a Form 26(f) report along with a written statement signed by all counsel of record explaining why sanctions should not be imposed for the parties' failure to comply with Local Rule 26(f). Failure to comply with this order will result in dismissal of the complaint and/or monetary sanctions being imposed on counsel.”

Signed by Judge Michael P. Shea on 5/1/2020. (Karpman, Michael) (Entered: 05/01/2020)

On May 6, 2020, a Report of Parties Planning Meeting discussing possible future resolutions and was submitted agreeing to various types of deadlines before trial including Discovery deadlines before trial. This is called a Case Management Plan. I was never asked to do this Case Management Plan in my case against Altice/News 12 a year earlier. This is a very telling order for the parties of extreme and malicious persistence – Hearst/Westport News and Wendy Higgins Chambers. I do believe this fact should be entered into the record here and considered by the Judge in James Lawrence v. Wendy Higgins Chambers. All the facts of both related cases demand to be in presented to a jury.

INTRODUCTORY EXAMPLES OF HOW WENDY HIGGINS CHAMBERS CAUSED UTTER CHAOS ENDANGERING MY LIFE

As has been shared in previous Documents, after Wendy Higgins Chambers' March 2018 persistent and malicious persecution via 2 major media organizations and various establishments in different towns, I was forced to leave the area because my life was in danger. In June of 2018, I had a brief friendship with a woman named Ana Page Campbell who wanted to rent my apartment while I sought a new life abroad. After a month of getting to know her, I gave her my apartment with her knowing about what I had endured after Wendy Higgins Chambers' March 2018 persecution and shared what I needed to do to clear my name. This woman Ana Page Campbell ended up falling in love with me and became disappointed I opted not to stay in the country and build a life with her. I instead rented my apartment to her and we proceeded to have a friendly relationship by Email. However by Sept 15, 2018 things changed while I awaited a flight back from Lithuania to Connecticut so to return for a court date. At that Sept. 15, 2018 time we had an Email exchange (never submitted by Ana Page Campbell to police aka "that embarrassing thing" in her Police Report) about various topics that resulted in the following chaos to be presented here in an introductory way.

So briefly I had an Email argument with Ana Page Campbell on Sept. 15, 2018 while awaiting a flight back to the area. I returned to town on Sept. 16, 2018, never saw this former friend/tenant Ana Campbell, allowed my parents to handle the issues with my apartment, and left the country on Oct. 1, 2018. The corrupt Feb. 6, 2019 Email harassment arrest 5 months later was based on a sole Sept. 18, 2018 Email that read "Ana advice – do not cause my beloved 77 year old parents any stress whatsoever. Take this advice." After this Email, I then proceeded to contact the police for help to which never happened as curtly and evasively documented in Exhibit A – Police Report. Police also never contacted my parents to investigate if they were being harassed.

Yes one Sept. 18, 2018 Email as is shown in the Warrant was at issue. The details of this obviously scorned woman's revenge plot against me and resulting abuse of my elderly parents who were managing the apartments will hopefully be shared in details at a trial. Some of the details are evident in the Police Report and Warrant of the false arrest. Evidence is in all the Emails to which Ana Page Campbell never shared. The story like most stories (alleged incidents that resulted in no police action that Wendy Higgins Chambers recklessly moves around the world at large) is worthy of many documents much like a novel, which is another obvious example of the pressing issue of how this nowhere near in the know Wendy Higgins Chambers can be allowed to push an unproven and un-provable agenda by merely reading a dubiously ascertained Arrest Warrant before and after Due Process of Law all the while having no damages done to her whatsoever in the past and no police action from her complaint. What I will share is a prime example of how dangerous it is when amateurs like Wendy Higgins Chambers get their claws on Police Reports or Warrants before Due Process of Law because these Police Reports are obviously devoid of necessary details to which is why the next steps – Due Process of Law - is meant for a prosecutor and potential jury and not the public at large.

What I wish to share is how the actions of Wendy Higgins Chambers affected me so widespread that they extended to my very own home. The following is a clip from the Sept. 2018 Police Report of the Feb. 6, 2019 false arrest for a lone Sept. 18, 2018 Email, an arrest that stands at a

Nolle Prosequi destined to be thrown out when courts resume business for I have shared multiple forms of proof that complainant Ana Page Campbell fabricated/doctored Emails and committed multiple acts of perjury. Her true motives are naked when all the Emails are presented to which she never did share with police and never will share with police for obvious reasons. Instead the facts are she attempted to hurt me out of feelings of being scorned. Once again, this is another example of how important it is for Due Process of Law to be respected before any knee-jerk accusations based on no evidence let alone persistent persecutory actions via the popular media.

Read the following insanity from the Police Report that involves ex-girlfriend/tenant Ana Page Campbell – attached Exhibit A.

NARRATIVE LIE Westport News stalks Lie LIE no message I want to COP'S Knew I wanted to speak to COP'S	V-1 stated that she and Lawrence have communicate by phone, text, and email. She stated that he would often text or call her and offer to pick her up at the train station in Stamford so that she didn't have to sit through all of the stops to Wilton where she was still residing at that time. She stated that during this time, she met Lawrence's parents and accompanied him to dinner at their home. She stated that one evening, she and Lawrence went out for dinner/drinks to the Pearl Restaurant at Longshore in Westport. That evening, she and Lawrence had unprotected sexual intercourse at his apartment. She stated that that occurred on July 15, 2018. She stated that that evening, Lawrence told her that he was "a player" and his demeanor toward her changed after they had sex. V-1 stated that it was almost as though "the chase" was over and Lawrence was no longer interested in her. SCORNEE woman Persecuto Google V-1 stated that on the day that she moved into the apartment at 75 West Parish Road on 08/28/2018, she was approached by Marie Pelletier, who at that time was living in the second floor apartment, who told her about Lawrence's past, specifically about the Westport News article about Lawrence's arrest and how eleven other woman had come forward to complain that they too had been victim's of Lawrence's "stalking". V-1 then learned through a "Google" search about Lawrence's history of "stalking" women. She stated that her concern for her personal safety was immediately elevated. I asked V-1 if she would be willing to provide a written statement to make a formal complaint against Lawrence. She stated that she would and would meet with me on Saturday, September 22, 2018 at 0730. She read & knew it all On 09/18/2018 at approximately 1000 hours, I observed James Lawrence driving his 2013 BMW 528xi, color silver (CT Registration AE67406) from behind the Westport Police Department. I recognized the vehicle and Lawrence because I had conducted NCIC/COLLECT inquiries of his name and date of birth for his license information, vehicles registered to him, and any outstanding warrants on 09/17/2018 after taking the initial complaint. Later during my shift on 09/18/2018, dispatch informed me that James Lawrence had come to the police department and wanted to speak to an officer. By the time I arrived back at headquarters, Lawrence had left. I called his cell phone number and reached his voice mail. I left a message identifying myself and asking him to return my call.
OFFICER ID#NAME 04941 Grasso, Mark	DATE 9/25/2018 8:31:37 AM

Notice the quote "Google him" – yes the Wendy Higgins Chambers fomented madness – first with outright false and defamatory News 12 story of "stalking women" that was taken down that is now being litigated for slander and libel, and then with the Westport News' special hit job claiming I "harassed women for years" that is also now being litigated for libel. Notice the words "stalking" which the officer is writing in quotation marks. These defaming news reports are being parroted by the likes of Ana Page Campbell all around town. The amount of attacks and utter corruption this Wendy Higgins Chambers caused is staggering.

Also keep in mind – this complainant/ex-friend Ana Campbell within this Police Report was living in my very own home and knew everything about the March 5, 2018 arrest and Wendy Higgins Chambers persecutory fiasco before she ever moved into my apartment on July 30, 2018 contrary to what she feigns here. ALL the Emails (never submitted to police) show her empathizing with my situation yet she feigned otherwise to the police with her wicked plan in late Sept. 2018. Ana Page Campbell LIED out of feeling scorned and concocted a scheme to get me arrested based on one Email because I said she was harassing my parents when I was away from the area living abroad so to avoid trouble because of the Wendy

Higgins Chambers media persecution and resulting endangerment of my life documented in Exhibit A.

FACT: Ana Campbell committed multiple acts of perjury to execute her wicked scheme, for the facts are she already knew about my March 5, 2018 arrest and Wendy Higgins Chambers persecution as evidence in an earlier July 18, 2018 Email. The following is undeniable proof of her perjury. Here below is an Email showing I (James Larenaissance is my Email name that was changed after persecution) shared my struggle and all the chaos Wendy Higgins Chambers created all the way up to Ana Page Campbell (Email name A.P.C.) moving into my apartment on July 30, 2018.

Read this July 18, 2018 Email I sent Ana Page Campbell (A.P.C.).

Yes I made and shared with Ana Page Campbell on July 18, 2018 a special website about the entire fiasco called WestportJamesLawrenceNOTGuilty.com to combat all the blowback from the media persecution. So yes she knew everything I had unjustly been through which included how News 12 with and fomented by Wendy Higgins Chambers portrayed me, and then how the Westport News with and fomented by Wendy Higgins Chambers portrays me to this very day with now a long awaited lawsuit against Hearst Communications/Westport News in the process. FACT: Ana Page Campbell lied to police in numerous ways. The following is just one piece of evidence amidst many types of false statements and perjury.

I felt last night I wasted allot of your time. Looming over your email about the crazy Westport incidents. Awful. No wonder you are furious.

Not sure about the name. MDC "Michael" is what I'd like
[Quoted text hidden]

"crazy westport incidents"

she empathizes with my case false arrest

YES ANA PAGE CAMPBELL KNEW EVERYTHING ABOUT MY ARREST AND MEDIA PERSECUTION MONTHS BEFORE HER SEPT. 25, 2018 SWORN WRITTEN

STATEMENT AKA FALSE STATEMENTS AND PERJURY. SHE FEIGNED NOT KNOWING ANYTHING ABOUT THE ARREST AND PERSECUTION ALL THE WHILE KNOWING WHY I HAD TO LEAVE THE AREA AND RENT MY PLACE.

Here is more.

I had told her two weeks before July 18 as well on July 7, 2018. She moved in on July 30, 2018.

YES.

As you can see Defence will be hard pressed to come up with any proper witnesses to accompany Wendy Higgins Chambers and effectively justify her persecution. **Ana Page Campbell LIED.** And since the Norwalk court will not allow me to bring her to trial I most certainly will be bringing her to trial in the case at hand, for her actions show just how twisted the current zeitgeist is and how it is time innocent men are allowed to present a clear and obvious case of slander in proper forums with proper witnesses.

It gets worse for all who conspired against me. Here is another example of how Ana Page Campbell feigned not knowing of my March 2108 arrest and media persecution back in July of 2018 while delivering her Sworn Written Statement on September 25, 2018 a day before she skipped the state. Yes she did this knowing she was leaving the state of Connecticut the next day.

Here is a July 10, 2018 Email A.P.C sent to me:

FACT: The prosecutor in this Email case is afraid to give me a trial because I have police and complainant on various forms of corruption and perjury. All I need is one trial to show all the Email evidence, and will certainly invite this complainant/perjurer Ana Page Campbell as a type of witness/evidence as to the types of damages Wendy Higgins Chambers caused as evident in the case at hand – James Lawrence v. Wendy Higgins Chambers. I wish to begin to show here how much influence Wendy Higgins Chambers had on destroying my life.

Keep in mind – the Westport News 22 year-old reporter/cohort to Wendy Higgins Chambers March 23, 2018 hit job did a similar type of hit job on me about this false Email Harassment arrest a year later (Feb. 11, 2019) where I was AGAIN falsely doxxed of arrests without convictions, complaints without arrests, that libelously deployed the “harassing women” language for I had never been arrested for any kind of harassment up to this Email fiasco. Yes now two libelous articles out there in “Google” I must contend with against Hearst Communications now based on lying women playing games with a man’s life like Wendy Higgins Chambers and then Ana Page Campbell. This madness was fomented by Wendy Higgins Chambers’ March 2018 media persecution.

I have invited in a previous document in this James Lawrence v. Wendy Higgins Chambers case that Defense bring this woman Ana Page Campbell as a future witness. I ask Defense to please plan on bringing her as a witness for I am most certainly planning on doing just that. I wish I could spend more time on all the perjury, for there are numerous acts and numerous false statements to be presented in time given I have all 200 Emails. I will try to stay focused on what is important at this time but there is no doubt I have a very special understanding of the current zeitgeist that deserves to be considered and in front of a jury of our peers.

One very nauseating aspect of this Ana Page Campbell utter fiction of an Police Report is that *“I waited in the basement and put my hand over long-time tenant Chelsea’s mouth and said something to her”* which is obviously more perjury because this 12 year resident Chelsea never said this as evident in Arrest Warrant and herself never ever made a complaint. Basically this woman Ana Page Campbell belongs in prison as well as the negligent individual Westport Police Officer Mark Grasso. In addition, in the future legal proceedings I will be bringing forth Ana Page Campbell’s ex-boss from the Army Corp. of Engineers, a colonel who was dismissed because Ana Page Campbell made up a sex harassment story of this colonel inappropriately touching another co-worker the summer I met her in 2018. I have intimate knowledge of her wicked motivation back then - she did not like him and wanted a new head of her department. Once again, I will try to stay focused on what is important at this time but there is no doubt I have a very special understanding of the current zeitgeist that deserves to be in front of a jury of our peers.

See Exhibit A on the complete and yes insane Police Report for the Feb. 6, 2019 false arrest involving Ana Page Campbell.

So ...

At the same time as Ana Page Campbell was brewing her scheme to hurt me, another tenant - 62 year old woman named Marie Pelletier took it upon herself along with Ana Page Campbell to attempt to arrest me yet was proven to be either neurotically paranoid or also like Ana Page Campbell perhaps engaging in some other type of victim playing for the warrant was rejected by the prosecutor - twice. The happening reeks of a vicious hen party. Marie Pelletier had moved out of one of the property’s apartments (the day Ana Page Campbell had moved into mine on July 30, 2018), moved out because of and after reading the Wendy Higgins Chambers fomented madness against me in the news. **Yes this is a tenant/woman who became fearful after**

reading the very special Wendy Higgins Chambers fomented article from the 22 year-old Westport News reporter Sophie C. Vaughan (no longer with the Westport News). Yes this elderly tenant's paranoia is clearly the result of, and instigated by, the persistent and malicious acts of Wendy Higgins Chambers. So yes – we have 2 tenant/spinsters – Ana Page Campbell and now Marie Pelletier reading the articles, who then together attempt to get me arrested out of what they deemed was *“for other women”* yet with no sound and believable accusation themselves. Yes these two women deployed this sick Wendy Higgins Chambers fomented libelous Westport News article at me in a faux martyrdom way.

Quote from Ana Page Campbell from Exhibit A:

A short time later, V-1 contacted me by phone at police headquarters and stated that when she returned to her apartment, she spoke with the other tenants there and she realizes that she needs to make this complaint not only for her protection but to protect other women who have been victimized by James Lawrence. The victim stated that she would return to police headquarters on Tuesday, September 25th to provide her written statement.

“needs to make complaint not only for her protection but to protect other women who have been victimized by James Lawrence.”

Victimized?

Where did she get this narrative?

What is making her accuse me devoid of anything happening to her?

Answer: The defaming media assault created by Wendy Higgins Chambers.

Here is what she says 5 months later when she gets called about the false arrest:

NARRATIVE TITLE
Victim Contacted
On 02/06/2019 at approximately 1030 hours, I spoke with the victim by telephone and advised her that the accused had been arrested earlier today and will be scheduled to appear at CT Superior Court in Norwalk on 02/07/2019. I explained that the accused was expected to post bond and be released from custody pending that appearance and that his conditions of release included having no contact whatsoever with the victim. V-1 thanked me and expressed her concern for other potential victims.

“expressed concern for other potential victims”.

OF WHAT?

Victims of what?

Yes Ana Page Campbell had nothing happen to her like anyone else (See previous Response and Exhibit of my Clean Ct. Criminal Record) but because of these insane media treatments of me - all because of Wendy Higgins Chambers and only Wendy Higgins Chambers and never police intentions (See previous Response and Exhibit of the Official Police Press Release of March 5, 2018 arrest), this ex-girlfriend/tenant/spinster/perjurer Ana Page Campbell and then former tenant spinster Marie Pelletier unjustly attacked me like many Nasty Women of the Nasty Women Movement were attacking various men at the time of the eruption of the post 2016 anti-Trump women marches. However unlike veritable MeToo stories, my dealings with these or any other woman had absolutely nothing to do with the MeToo agenda of sex harassment or sex assault. I was attacked by Ana Campbell for an Email – YES an Email that read - “Ana advice do not cause my beloved 77 year old parents any stress

whatsoever. Take this advice.” When the harassment continued I then proceeded to visit the police to make a harassment complaint but police never reached out to me in the two weeks that I was staying in town nor ever call me up to the time I was spotted in Feb. 6, 2019 at a gas station. If police thought Ana Page Campbell was in danger why did they not contact me? Strange to say the least.

So yes what we have here is a classic case of victim playing (now a major issue) from Ana Page Campbell as I have previously documented is the case with Wendy Higgins Chambers.

Victim playing

From Wikipedia, the free encyclopedia

"Playing the Victim" redirects here. For the Russian film, see [Playing the Victim \(film\)](#).

Victim playing (also known as **playing the victim**, **victim card**, or **self-victimization**) is the fabrication of victimhood for a variety of reasons such as to justify [abuse](#) of others, to [manipulate](#) others, a [coping strategy](#), or [attention seeking](#).

At the same time when Ana Page Campbell was victim playing, I was also attacked on Sept. 25, 2018 by former tenant named Marie Pelletier, who colluded with Ana Page Campbell. Marie Pelletier moved out of another apartment on July 30, 2018 when Ana Campbell moved into the one I was temporarily vacating. Yes this now proven unjust attack happened together, with, and at the same time of Ana Page Campbell's perjury - Sept. 25, 2018. Marie Pelletier was a fellow tenant who moved out because of the Wendy Higgins Chambers fomented Westport News article at the same time Ana Page Campbell was moving in. This 62 year old Marie Pelletier accused me of "being in the basement"- my very own basement doing laundry at the time she was being show the apartment by a realtor in Jan. 2018. Yes. This is Crazy. Why? She then proceeded to take the apartment and have no troubles until she read the Wendy Higgins Chambers fomented Westport News article around March 23, 2018. **See insane Police Report of Marie Pelletier-Exhibit B**. In fact, all this attacking is happening in late Sept. 2018, which was the same time that the absolutist madness of "Just Believe the Woman" was being chanted in rallies against the nomination of Supreme Court Justice Brett Kavanaugh.

The following next clip is from the police report - Exhibit B - of tenant Marie Pelletier who attempted to get me arrested with Ana Page Campbell, however the prosecutor rejected this arrest warrant twice!!! When you read the entire police report you will see just how corrupt the forces against me are. Here 62 year-old Marie Pelletier complains about me being in my very own basement (which acts as the laundry room for all tenants and housed many of my belongings like my drum set) at the time she was being shown the apartment by a realtor. She proceeded to take the apartment and have no problems until she saw/read about me in the slanderous and libelous news fomented by Wendy Higgins Chambers. Yes – these two late-middle aged women (55 and 62) persecute me based on reading an unproven and un-provable narrative about me first being a "stalker" then being a "harasser" all the while having absolutely nothing happen to them personally nor any previous stalking or harassing ever happening let alone any previous arrest of such accusations.

YES - Persecuting me based on merely reading false or hyped up news. Sound familiar? There was a life changing slanderous chain reaction happening all around not only the town of Westport but world in general via the new age of the Internet "Google" that extended to my very own home all because of the slanderous actions of Wendy Higgins Chambers.

This is a crucial piece of evidence where any real objective person will never deny certain differences between women and men – especially obviously mentally imbalanced women like Wendy Higgins Chambers. Yes – when do we ever hear of men falsely accusing women of crazy things like “being a creep innocuously giving a business card at a market”, or sending an Email looking out for the welfare of one’s parents, or merely being seen in the basement of my very own home, all the while conflating these everyday happenings with the MeToo zeitgeist. Wendy Higgins Chambers extremely, maliciously, and unjustly put a target upon me and turned me into a bogeyman and pariah. Fact: a lot of men became falsely accused in this worst ever gender war in all human history, and my clean Connecticut record can attest to these false accusations for there is no evidence that ever got me convicted of anything let alone arrested in my past for the subject matter at hand!!!

Now read the insanity from this police report/complaint from cohort to Ana Page Campbell – former tenant Marie Pelletier that was rejected twice by the prosecutor.
Fact: The following is a 62 year-old woman named Marie Pelletier.

Clip from Police Report – Response 2 Exhibit B – an attempted arrest that was rejected by the Prosecutor twice for obvious reasons.

She stated, "At some point during the springtime, I was out for a walk and ran into an old neighbor of mine from New Canaan, [REDACTED] whose last name I can't remember. He asked me where I was living and I gestured toward 73 West Parish Road and said, "right here." He asked me what I knew about the guy that lives there. I told him nothing other than he creeps me out, he's strange and I'm very uncomfortable around him. He said you should "GOOGLE" him and find out about him. Then he told me that James had been arrested. I did an internet search and found the article about James being arrested for harassing and stalking women at stores in and around Westport. I immediately called friends and family and told them I was right to be suspicious of James. His arrest confirmed my fears based on my experience of the history of James's behavior around and toward me."

Once again notice the quote – “you should Google him”. Yes this is what this hideous woman Wendy Higgins Chambers created. This clip is yet more proof that a trial is in order and I will once again be the first to invite this former tenant Marie Pelletier along with her cohort in crime former tenant/ex-girlfriend Ana Page Campbell to court so to show the truth of how Wendy Higgins Chambers actions affected the community at large with ongoing Damages.

When the warrant was rejected a second time the following was documented in Exhibit B:

Page <u>10</u> of <u>10</u>	ADDITIONAL NARRATIVE Westport Police Department	REPORT NUMBER: 2018-020668 ORI# CT0015800
NARRATIVE TITLE Closing Report - Victim Contact		
On 06/23/2019 at approximately 2200 hours, I made contact with the victim by phone and explained the circumstances relating to the closing of this investigation. The victim inquired about what to do in the event that she "sees" the accused in the future. I explained that if the accused engages in criminal conduct that she should notify the police. However, merely seeing him is not a crime. She also inquired if it was still possible for her to obtain a restraining or protective order. I explained that if she chose to do so, she should petition the court for that. The victim thanked me for my efforts with this case. This case remains closed.		

Fact: An elderly 62 year old woman was merely “seeing me” on my very own property and felt afraid resulting in her contacting the police.

These are just introductory examples of future evidence I will be submitting so to get all the facts out in the open so to prove why this James Lawrence v. Wendy Higgins Chambers case is a textbook case for slander. I lost my name because of this Wendy Higgins Chambers! Future Exhibits and Evidence of Damages will show that this perjurer named Ana Page Campbell (Campbell is a Gaelic name meaning ‘crooked mouth’) mentioned the Wendy Higgins Chambers fomented media madness 9 times within her Sworn Written Statement that is filled with various perjury all the while feigning being harassed and having no evidence of harassing Emails directed at her. FACT: Ana Page Campbell was scorned and upset about our Sept. 15, 2018 Email conversation – the day I was returning to the area for a court date. The Feb. 6, 2019 false arrest for alleged Email harassment – a lone Sept. 18, 2018 Email mentioned in the Oct. 2018 Warrant stands as a Nolle Prosequi to which I will be once again pressing for a trial so to punish the real perpetrators of veritable harassment for I never contacted her after the Sept. 18, 2018 Email in question. But this trial I have been asking for will not happen given the prosecutor’s Nolle Prosequi offer for the prosecutor would never expose all the corruption in a trial over a solitary Email looking out for the welfare of my parents.

I am trying to keep presentations of various types of Evidence concise for now but one cannot deny that there is so much to share worthy of a trial of our times – issues like the rights of women to persecute an innocent man before Due Process of Law via the media devoid of police action (in regards to her own complaint) thereby creating extreme ongoing Damages.

ALL IN ALL THE FOLLOWING FACT REMAINS CONSTANT – NONE OF THIS MADNESS WOULD HAVE HAPPENED IF WENDY HIGGINS CHAMBERS MINDED HER OWN BUSINESS AND MERELY TENDED TO HER OWN COMPLAINT TO WHICH POLICE FOUND TO BE NOT WORTHY OF ANY ACTION LET ALONE INDIVIDUAL POLICE REPORT. SHE BREWED THE SIMPLE ARREST INTO AN INSANE MEDIA PERSECUTION FIASCO FOR MYSELF, THE POLICE, AND ANYONE WHO VENTURED INTO THE MESS.

What Wendy Higgins Chambers did to me cannot be taken lightly. She orchestrated a media campaign with the sole intention to hurt me before Due Process of Law and after Due Processes of Law. The age of Google cannot be ignored. This persecution extends to every corner of the world. I deserve a proper forum to share all the Damages. Her actions are beyond the words she deploys. Her actions unjustly mobilized others against me. There is not one media outlet she approached who can now say their special story of me was true. Federal Judge Underhill said in my ongoing case against Altice/News 12 that first the News 12 story was an “unfair report” then “outright false” with the issue of defamation still being contested. Now in another case - James Lawrence v. Hearst Communications before federal Judge Shea, the issues of more persistent libel and hideous legal and linguistic conflation by the Westport News (let alone malicious persistence by Wendy Higgins Chambers) is being given a green light to trial via a Case Management Plan. Why? Maliciously concocted agenda-driven persistence that is devoid of any evidence and far beyond what police ever intended.

A recent book called Guilt by Accusation delves into the disturbing new zeitgeist of how people are persecuted via the media before any proper Due Process of Law. What I have been sharing deserves a jury of our peers. If there is proper evidence then it is time to bring all evidence and bring all potential witnesses forward as I plan to do. **The facts show I am a victim.** Is anyone wondering why the Westport Police are being so accommodating to me now? Yes – I have the police for their particular mistakes and corruption, much like I had News 12 for their mistakes and defamation, much like I have the Westport News for their persistently malicious agenda/defamation, and yes much like I have the main antagonist – Wendy Higgins Chambers for her persistently malicious agenda/defamation. Without Wendy Higgins Chambers none of this madness post March 5, 2018 arrest would have happened. If there was one case that most certainly deserves to be in front of a jury it is this case of James Lawrence v. Wendy Higgins Chambers for her actions, effects, and fingerprints are all over nearly every aspect of this fiasco.

MORE ANALYSIS OF WENDY HIGGINS CHAMBERS AFFIDAVIT

The undersigned, being duly sworn, hereby deposes and says:

After I disengaged in conversation with him twice inside the store, he pulled up in front of my car in a dark parking lot, jumped out and came quickly towards me. I saw him again at a supermarket in Westport a week or so later.*

Notice she says “approached” which is not **“preyed on”** as she said in the News 12 broadcasts and articles that were taken down from the Internet and their websites. She also does not say **“creep”** which is her next chosen use of words with the Westport News during her persistence 9 days later after visiting various establishments bad-mouthing me with unproven and un-provable lies.

Once again, where was the horror, fear, disgust at the time of our crossing of paths months before she read about my arrest that has been deemed non-criminal aka NOT GUILTY after Due Process of Law let alone any previous encounter with police that after investigation never resulted in any arrest. If Wendy Higgins Chambers waited to get more necessary facts, she would have learned that the Complainant from the arrest did not even make a Sworn Written Statement. Police themselves were most likely hoping that I would accept an Infraction fine like a J-Walking ticket and go my way but because of Wendy Higgins Chambers extreme if not insane actions, multiple parties are now vulnerable to being held responsible for all the unproven and un-provable ways I was slanderously depicted in the media. Police did not expect the mess Wendy Higgins Chambers created.

ANALYSIS OF WENDY HIGGINS CHAMBERS' AFFIDAVIT CONTINUED

6. The encounters with Mr. Lawrence frightened me and made me very uncomfortable.

She was so “*frightened*” and “*very uncomfortable*” that she never made a complaint to anyone – store manager, police, or even to me for she had my business card. Her encounter (single) was not even deemed by police worthy of even an individual police report when she visited police, a visit to police after her News 12 persecution and before her “approach” Westport News persistence. You would think “*very uncomfortable*” would have caused some kind of action. But no. What we have here is a wicked woman with ulterior motives that can easily be shown in trial.

7. After seeing a story in the news in or about March 2018, a story about Plaintiff's arrest for similar conduct at the Fresh Market in Westport, I called the Westport Police to report that I had similar encounters with the Plaintiff.

If this was “*similar conduct*” then why was I not arrested? Why was I not arrested after her visit to police after her News 12 persecution and before her persistence with the Westport News? The statute of limitations allowed for an arrest of “*similar conduct*” but the police did not even write up an individual police report of her feelings.

8. After seeing that news story, I also communicated with the local news media about the similar encounters I had with Mr. Lawrence, in an effort to let other women know about the risk and to help keep women in my community safe. I requested my name be kept anonymous.

She basically came out guns blazing in her self-appointed version of Due Process of Law all the while not respecting the police's interpretation of her story let alone the Official Police Press Release of the arrest. This statement #8 is pathetic because she previously admitted to being the one who fomented all the media extreme and slanderous coverage – first News 12 and then Westport News – her and her only caused this madness before and after Due Processes of Law, and now she cannot even say she was the one who approached the Westport News and featured in the Westport News after her News 12 persecution. This pathetic description of events demands a trial so to get at more facts. She is once again obviously avoiding details let alone necessary details.

9. These statements are true and accurate to the best of my knowledge, information and belief.

I want to keep this Response short and ask to see attached Exhibit C on the type of behavior I am accused of by Wendy Higgins Chambers and re-read my previous Responses and Exhibits.

MORE CONCLUSIONS

Please see ALL Exhibits from all Responses.

I will often refer to wisdom from other languages and cultures to address this new zeitgeist of women deploying the media to vent unproven and un-provable slanderous feelings devoid of convictions after Due Process of Law let alone any police action at all. In regards to my simple low-end arrest for one count of Second Degree Breach of Peace, how were multiple special NEWS stories able to happen and be so damaging? When is this country going to take proper steps to protect men who get conflated with accusations and charges he never committed? When will the rule of law be re-instituted and protect people from this Guilt by Accusation culture? In an ideal world the following linguistic fact would rule.

German:

Nachrichten (literally ‘after judgment’ nach ‘after’ + richten ‘to judge’) - news

richten – to judge, fix

Richter – a judge

richterlich – judicial

richtig – correct, right, real

Richtigkeit - correctness

Bericht – report

berichten – to report, report on

Berichterstatter – (literally a correct actor) a reporter, correspondent

Berichterstattung – reporting

berichtigen – to correct

Gerecht – accurate

Recht – right, law, justice

Gerechtigkeit - justice

I do believe in a proper society women should not be allowed to deploy the media in ways that can permanently damage someone all the while having no credible evidence to support their accusations. What Wendy Higgins Chambers did is very very very rare – trying to make issues about alleged “*preying on women at markets*” and “*creepiness*” newsworthy devoid of any proper evidence or prior conviction all the while having been deemed by even this very questionable police department (Westport and Westport only) to not have a story worthy of any action. No other woman did this to me. I can count thousands of peaceful encounters at markets around the country and one would be hard pressed to see the kind of blown way out of proportion story I experienced from the extreme persistence Wendy Higgins Chambers maliciously committed against me. The only way to ascertain the facts as to who is the veritable “*creep*”, and who was and is the one veritably “*preying on the other*”, let alone who is the veritable victim, we need a jury of our peers to sort out all the issues and details presented in Responses, various forms of Exhibits, and most certainly ongoing Damages with yes as many witnesses like Ana Page Campbell and Marie Pelletier as possible, and as much evidence as possible like any video recording of any kind of misconduct at these alleged supermarket and only supermarket happenings, etc... Malicious persecutions best have some evidence.
